Accessories: Ready-to-Use Shims
Available in multiple thicknesses, are designed to raise mouldings (with or without snap tracks) to the required height for smooth flooring transitions. By using single or combined shim thicknesses, versatile nosings can adapt to virtually any flooring height.

Select Color

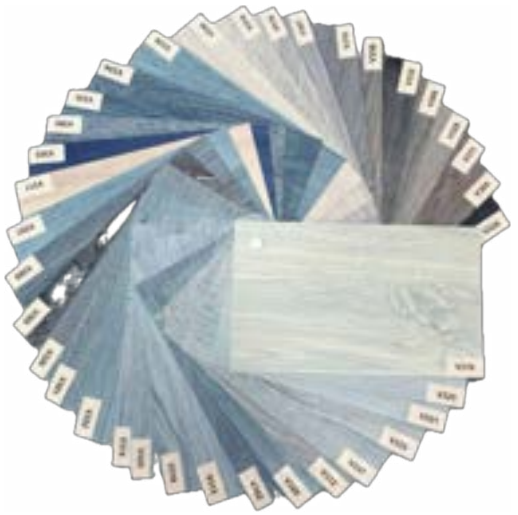

Nature Prints Vinyl Program offers a diverse range of colors that coordinate with most major flooring brands. Customers can easily find a match by using our online tool, viewing physical samples on a display board, or requesting compact vinyl color swatches.
