Tarkett®

Solid 150 Wetlands, VK8 Sandstorm

MADE
RIGHT
MEANS
JOHNSONITE™

A sensory experience in every step

In addition to simplifying safety, comfort and maintenance, Johnsonite's rubber flooring provides a great deal of design flexibility and style.

Our updated collection of 21 textures introduces another element to catch the eye, and superior traction to reduce accidents. The softened peaks and valleys of each texture make the entire surface easier to clean. Apply a texture to any color or pattern in our rubber flooring collections —including 32 ColorMatch® colors that coordinate with wall base, stairwell management, and accessories —for a beautifully integrated, multisensory experience.

Textures

With the industry's widest range of textures, from subtle to striking, there's no wrong way to add visual impact.

Hammered (HRT)

    Solid 29 Moon Rock

Every step matters™

Tarkett's holistic approach to sustainability is woven into the fabric of how we do business and sits at the heart of our day-to-day decision making.

For decades, we've been scrutinizing every detail of our business for its impact on resources like soil, water, and air—because when you're trailblazing a more sustainable future, **every step matters**.

The **proof** is in the numbers.

Circular economy

94%
of our raw materials are third-party assessed for their impact on human and environmental health based on Cradle to Cradle criteria.

69%
of raw materials are abundant, rapidly renewable, or recycled.

13
zero-waste-to-landfill manufacturing plants

2.1 million lb.
of flooring recycled in 2024 in North America

Certifications you can trust

2011
started working with EPEA to integrate Cradle to Cradle principles into every facet of our business

2013
first commercial flooring Certified **Asthma & Allergy Friendly®**

2022
Powerbond® RS is the first soft surface product in the industry to be Certified **Asthma & Allergy Friendly®**.

Transparency you can trust

100 ppm
raw materials content revealed down to 100 parts per million

When most manufacturers reveal raw materials content down to just 1,000 ppm, there's simply no contest.

We've been providing Material Health Statements since 2013 to give you peace of mind about the content of our products.

Healthy impacts

99%
of flooring solutions have low VOC emission levels—10x lower than the most stringent world standards.

100%
ortho-phthalate-free vinyl production; first company to eliminate ortho-phthalates from all products

Global excellence

2010
first flooring manufacturer to join the UN Global Compact

2016
Began reporting to the Carbon Disclosure Project (CDP). In 2025, Tarkett scored A, the CDP management level.

2020
first assessment by EcoVadis. In 2025, Tarkett's score of 86/100 earned us a Platinum medal and placed us in the top 1% of rated companies.

2023
SBTi deemed our target ambition in line with a 1.5°C trajectory, currently the most ambitious designation available through the SBTi process.

Principles to live by. Standards to achieve.

Cradle to Cradle Certified® (C2C) is the leading global standard for designing and manufacturing products that enable a healthy, equitable, and sustainable future. To earn certification, Tarkett takes a holistic approach that considers our social and environmental impact throughout our products' entire lifecycles.

As we strive to create a circular economy where nothing goes to waste, C2C evaluation challenges us to rethink how materials are sourced, made, used, and re-used.

CERTIFIED cradle to cradle PRODUCTS PROGRAM

At Tarkett, the development of every new product is guided by C2C principles and the certification's **five categories** of sustainability performance.

Material health
Ensuring materials are safe for humans and the environment

Product circularity
Enabling a circular economy through product and process design

Clean air & climate protection
Generating clean energy and protecting the environment

Water & soil stewardship
Safeguarding air, water, and soil resources

Social fairness
Embracing safe, fair, and equitable labor practices that advance human rights and strong communities

Trusted flooring solutions

Tarkett is proud to offer a variety of trusted flooring solutions that are Cradle to Cradle Certified. From resilient surfaces to carpet tile to accessories, these non-PVC innovations set the tone for all you want to accomplish in a space and for the planet.

Tailored by Tarkett™

To help you explore and specify flooring, Tarkett offers design tools and services that make it easier than ever to find inspiration, research product ideas, and try out personalized flooring concepts to help you create profoundly unique spaces. You can even co-create with one of our expert designers to help you fulfill your vision.

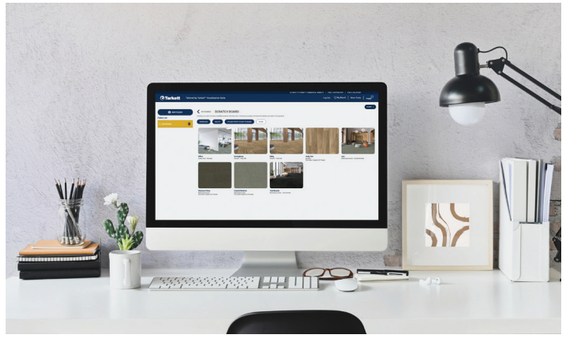

Learn more and find your inspiration here.

Design tools

Choose from an array of sophisticated design tools to help you tailor and preview each flooring layout. The **Tailored by Tarkett Visualizer Suite** is a user-friendly online platform to help you explore layouts and colorways. With the Visualizer suite, you can:

- Create **project boards** to effortlessly save swatches, collect room scenes, upload photos, and keep all your visuals organized in one convenient place;
- Use our **Rubber Tile Studio** to explore our extensive line of patterns, standard colorways, and tailored palettes in a variety of commercial environments;
- Check out our **Pentagonals Rubber Tile Studio** that empowers you to design different color configurations and layouts;
- Complete your ideas with our **Wall Base Studio**, which enables you to preview an unlimited selection of high-definition digitally printed wall finishing borders that meet your exact needs.

Of course, your ideas aren't limited to just one type of flooring. That's why—in addition to our rubber tile and wall base visualizers—our online tools also include visualizers for carpet tile, tufted broadloom, Powerbond® hybrid carpet, luxury vinyl tile, and non-PVC plank and tile.

Design services

Great flooring supports people, inspires creativity, and connects us to our environment. So does great service. That's why we offer a suite of end-to-end design services to help you. Want to add a logo to your floor or a custom corporate message? No problem. Or maybe you're looking for support in the form of professional renderings to help sell your flooring concept. No matter your need, Tarkett experts are here to help you solve your biggest flooring challenges and deliver personalized solutions.

- Let our **Designer on Demand** team create renderings for you. Simply submit your project online and our designers will create beautiful renderings you can proudly share with your clients.
- Our **Imaginations® Personalized Floor Design** program can help you implement more intricate and detailed designs—such as logos and messaging—adding shape, color, and texture into your floor design with tailored cutting and fabrication.

MADE RIGHT MEANS JOHNSONITE™

Since the early 1960s, the Johnsonite name has been synonymous in the flooring industry with lasting quality, creative flexibility, and unwavering integrity.

With the category's broadest selection of patterns, textures, colors, and profiles—plus the ability to match any tailored palette with quick lead times and low minimums—we'll help you turn what used to be basic rubber tile and finishing accessories into fully coordinated design statements.

We come to work every day to help you win, crafting solutions you can rely on. That's why Made Right Means Johnsonite.

Discover Johnsonite

ColorMatch® palette

We'll perfectly match 32 leading colors across Johnsonite's rubber and vinyl product categories without dye lots

Design flexibility

Industry's broadest selection of colors, patterns, textures and profiles

Healthy materials

Free of ortho-phthalates, PFAS and antimicrobials

Made in USA

Designed and manufactured in USA; Buy American Act Compliant

Tailored by Tarkett

Precisely match any color with quick lead times and low minimum order quantities

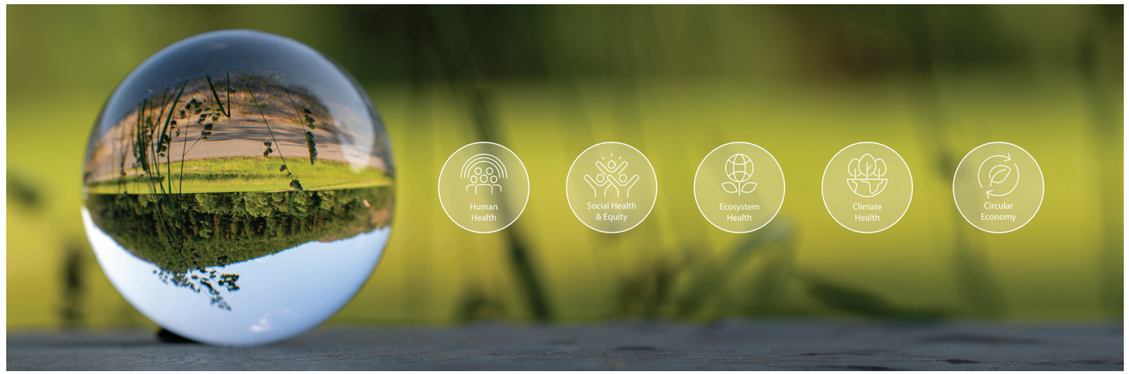

Meet Tony, the production manager who helps ensure that all Johnsonite products are made right, including the expanded Millwork collection now available in four new profiles and more than 100 stylish colors. If you don't see the color you need, Tony and his team will create it for you with quick lead times and low minimum order quantities.

ColorMatch®

This designer palette of leading colors is coordinated across multiple product categories with no dye lots…ever! Our rigorous manufacturing and quality standards enable you to confidently mix and match a color across all Johnsonite rubber and vinyl products, including flooring, finishing borders, and finishing accessories. We guarantee these colors will match year after year, product after product.
