

Melodia[®] + Aria[®]

HOMOGENEOUS VINYL SHEET + TILE

soft palettes.
bold protection.

 **Tarkett**

a holistic **solution**

With an updated, soothing color palette and the strength and hygienic performance of homogeneous vinyl, Melodia and Aria coordinate beautifully to create safer, more comfortable environments. Melodia's 31 shades offer a perfect backdrop to Aria's 14 granite-like styles. Both are available in sheet and tile formats to provide greater flexibility and faster installation. These complementary visuals combine with technology to hide dirt, reduce maintenance, and withstand high traffic with rolling loads—making a more complete flooring solution very difficult to find.

extreme resistance. **squared.**

Our xr² polyurethane is a perfect choice for high-traffic areas with rolling loads. This tough, UV-cured surface treatment is factory-applied to both sheet and tile formats, adding further strength and durability to Melodia and Aria's solid, homogeneous construction. By resisting chemical stains and scuff marks, xr² dramatically reduces a variety of maintenance costs—including labor, water, energy and chemicals—for a positive total lifecycle return on investment.

For years, Tarkett has raised the sustainability standards of our industry. We took the first steps and are determined to stay a step ahead.

And while inspirational words are great, we know impact is in the numbers – numbers subjected to intense third-party scrutiny. So, at Tarkett we don't just say it, **we prove it.**

Sustainability Highlights

Feel confident in the numbers

 A holistic approach you can count on...

 ...And certifications you can trust.

 We're leaders in radical transparency.

 Setting tomorrow's standards...

 ...For globally recognized excellence.

97%

of our raw materials are third-party assessed for their impact on human and environmental health based on Cradle to Cradle criteria.

70%

of raw materials are abundant, rapidly renewable or recycled.

14

zero-waste to landfill manufacturing plants.

2011

started working with EPEA to integrate Cradle to Cradle principles into every facet of our business.

2013

first commercial flooring CERTIFIED **asthma and allergy friendly**®.

2022

Powerbond RS is the first soft surface product in the industry to be CERTIFIED **asthma and allergy friendly**®.

100_{ppm}

raw materials content revealed down to 100 parts per million.

When most manufacturers reveal raw materials content down to just 1,000 ppm, there's simply no contest.

We've been providing Material Health Statements since 2013 to give you peace of mind about the content of our products.

99%

of flooring solutions have low VOC emission levels – 10x lower than the most stringent world standards.

100%

orthophthalate-free vinyl production. First company to eliminate orthophthalates from all products.

2010

first flooring manufacturer to join the UN Global Compact.

2021

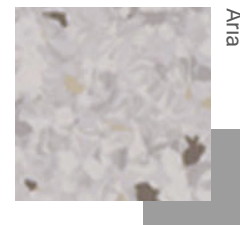

awarded the Gold medal by EcoVadis; now ranked among the top 2% of companies in our industry rated by EcoVadis.

2021

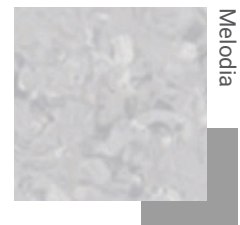

scored B, the CDP management level, regarding the climate change performance assessment.

Tarkett Solution SPECtrum™

At Tarkett, we believe in placing people in the center of every space. So we've developed a portfolio of products designed to work together both functionally and aesthetically, helping you create more supportive spaces that maximize return on investment. Our full palette of colors, patterns, and textures is coordinated to work together visually across product categories—creating the perfect balance for people, planet and performance.

The BrillianceSM Digital Color System puts the entire TARKETT SOLUTION SPECtrum portfolio at your fingertips—no matter where you happen to be working. Within one digital tool, you can save favorite surfaces to project boards, visualize them in a space, and order samples. By getting the right color match every time, the tool reduces sample waste and shipping, helping us all design more responsibly and reduce our carbon footprint.

Speak to your Tarkett sales representative to get started, or visit brilliance.tarkett.com.

Melodia and Aria are designed to provide a balanced solution for the competing demands of every project—with special focus on Durability, Ease of Maintenance, and lower Total Cost of Ownership.
