D — 20

D_20 è un gres porcellanato formato 20x20 rettificato in 6 diversi soggetti declinati a tre a tre su base bianca e avorio per completare la gamma D_Project. Il decoro richiama le tradizionali mattonelle artigianali nate in Italia a fine '800 per pavimenti e rivestimenti. Con D_20 i motivi floreali classici e le trame geometriche si miscelano per un effetto urban vintage suggestivo.

D_20 is a 20x20 rectified porcelain stoneware tile in six different variants, three with a white base and three ivory, to complete the D_Project range. The decoration recalls traditional handmade tiles created in Italy at the end of the 19th century for floors and walls. With D_20, classic floral motifs and geometric patterns are mixed for an evocative vintage urban effect.
