UltraCeramic is a floor covering engineered to provide a better alternative to ceramic or stone.

Why Choose UltraCeramic?

More durable and crack resistant

Less breakage than ceramic or stone and more forgiving when everyday articles fall on the floor.

Warmer than ceramic & stone

UltraCeramic is warmer and more comfortable underfoot when compared to stone or ceramic.

One day installation

Can be installed in one day vs several days for stone and ceramic.

Easy to maintain

Relax. Just sweep and occasionally damply mop to maintain a beautiful, long-lasting floor.

Quieter and softer

UltraCeramic tiles offer superior noise reduction and softness when compared to ceramic and stone.

Grouted or ungrouted?

The choice is yours.
All UltraCeramic tiles can be installed with grout or without grout.

Available in large 18" x 18" or 12" x 24" tiles

In great designs and colours

Superior rounded edges

One of the hardest products on the market

Visit ***ultraceramic.com*** for information on
finding a store, sample ordering, care and
warranty, installation instructions, as well as
inspiring room scenes.
