TABLE OF CONTENTS

MAPEI

A WORLDWIDE LEADER

Originally established in 1937, today MAPEI is a privately owned global corporation headquartered in Milan, Italy, with 89 subsidiaries including 81 plants in 36 countries. The company specializes in manufacturing chemical products for building, including waterproofing products, specialty mortars and admixtures for concrete, products to restore historic buildings, and decorative and protective coatings for concrete surfaces. In addition, MAPEI is a world leader in the manufacturing of mortars, grouts, adhesives and complementary products for installing all types of floor and wall coverings. MAPEI Group chose Canada for its first steps away from home, opening the Laval, Québec, plant in 1978 as MAPEI Inc. MAPEI's Canadian footprint currently spans over 4,600 km, with production facilities in Québec, Ontario and British Columbia and a distribution center in Alberta.

Become a *Mapeheat* Pro Installer
Enjoy the benefits and extra business

MAPEI's *Mapeheat* **Pro Installer program** recognizes dedicated installers who are trained to the highest industry standards in installing radiant-floor heating. Your status as a registered *Mapeheat* Pro Installer reassures homeowners that they are hiring a true professional with best-in-class training for installing MAPEI's *Mapeheat* products and systems.

Benefits of completing this training program include:

• The ability to offer added warranty benefits (including labor).

• Your company's inclusion on MAPEI's "Find a Pro Installer" Website directory at:
  www.mapei.com/ca/en-ca/mapeheat-pro-installers

• Special promotions and discounts.

• Exclusive events and trainings.

Be the first to discover new products and innovations.
Plus, take advantage of the opportunity to expand your professional expertise and add to your credentials.

To learn more about becoming a *Mapeheat* Pro Installer, email us at TservicesCA@mapei.com, call us at 1-800-361-9309 or scan here:

SUPERIOR PRODUCTS

A Complete Range of Products

MAPEI produces the most innovative products for the construction market. More than 5,500 products globally (adhesives, sealants, mortars, admixtures, latex, etc.) are manufactured in MAPEI's plants, which produce the world's most complete range of building products. Diversified, high-quality chemical products – from powdered adhesives, to liquid and paste products, to polymers – are created to meet the needs of more than 66,000 customers around the world.

Quality Control

MAPEI is an ISO 9001-2000 certified company. Its products are produced according to exacting standards, strictly adhering to process and procedural guidelines with documented compliance. This rigid production format is vigilantly followed to ensure that every product is produced uniformly from batch to batch.

PROFESSIONAL SUPPORT NETWORK

Knowledgeable Sales Force

MAPEI offers the largest, most highly trained sales force within the industry to serve your needs for product application/installation recommendations. Its sales representatives are focused on supporting you with product knowledge, product demonstrations, product information, marketing support materials and other relevant tools to help you generate sales.

Technical Expertise

An in-house Technical Services Call Center responds to customers' telephone inquiries with answers to installation challenges in real time. In addition, MAPEI can offer field support for job startups, product training and on-site problem resolution.

Customer Service Plus

MAPEI's standards for customer service are best-in-class. Our leadership includes such service innovations as:

- Customer-friendly, efficient processes
- One-call resolution
- Employee commitment to effective customer dialog

Innovative Research & Development

We have always been highly committed to this sector. Our research scientists work within a global network comprising 31 centers, with our Corporate Research Centre in Milan acting as a hub to coordinate the activities of all the other centers and as a central analysis laboratory. The United States has five centers, and Canada has one. All equipped with cutting-edge equipment, the centers collaborate continuously with universities as well as scientific and industrial research institutes.

The research and development laboratories also provide support for our Technical Services Division to help provide solutions for even the most complex requests from our clients. Working alongside these centers are our quality-control laboratories, which are present in all the MAPEI Group's production facilities.

Best-Backed℠ Warranty Program

To bring it all together, MAPEI complements the industry's best products with simple, easy-to-understand requirements for a variety of warranty options.
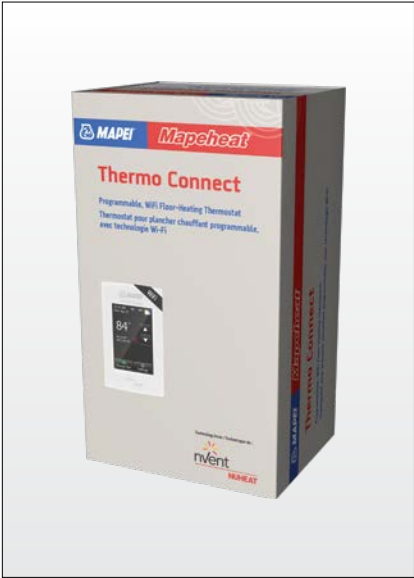

Mapeheat™ Thermo Connect

Programmable, WiFi Floor-Heating Thermostat

Mapeheat Thermo Connect WiFi-enabled, floor-sensing thermostat has been designed specifically for today's smart home. Homeowners can monitor, control and program their *Mapeheat Thermo Connect* floor-heating system via a free smartphone app (iOS and Android) or any Web browser. Homeowners can access a super-intuitive user interface using the 3.5" (9 cm) color touchscreen display.

The thermostat also provides homeowners with useful information such as energy usage and weather forecasts. The *Mapeheat Thermo Connect* thermostat features 7-day programmability, dual-voltage compatibility (120 V and 240 V) and built-in GFCI protection (Class A). The exclusive design features a high-gloss frame and a borderless clear acrylic that blends into any modern room decor.

Mapeheat™ Thermo Touch

Programmable Floor-Heating Thermostat

Mapeheat Thermo Touch thermostat is a 7-day programmable, electric floor-heating thermostat that features a 3.5" (9 cm) color touchscreen display for accessing the super-intuitive user interface and energy use monitor. The thermostat features dual-voltage compatibility (120 V and 240 V), a physical on/off switch and built-in GFCI protection (Class A).

Mapeheat™ Thermo Basic

Non-Programmable Floor-Heating Thermostat

Mapeheat Thermo Basic thermostat is a non-programmable control that offers simple on/off capability for the *Mapeheat* floor-heating system. The thermostat offers the most basic type of control and features energy usage information, dual-voltage compatibility (120 V and 240 V), a physical on/off switch and built-in Class A GFCI protection.

Mapeheat™ Thermo Extender

25-Amp Power Relay Switch

Mapeheat Thermo Extender is a 25-amp power relay switch compatible with *Mapeheat* floor-heating thermostats. Available in either 120 V or 240 V, the device enables floor-heating loads in excess of 15 amps to be controlled by a single thermostat.

Mapeheat™ Cable

Radiant-Heating Cable for Use with *Mapeheat Membrane*

Mapeheat Cable is a free-form, twisted-pair, floor-heating cable for use in any residential interior room where the comfort of radiant floor heating is desired. The cable can be spaced on site to provide 10, 12 or 15 W per sq. ft. based on the desired wattage output requirements of the installation. *Mapeheat Cable* is available in 33 lengths to accommodate areas as small as 6 sq. ft. (0.56 m²) and up to 293 sq. ft. (27.2 m²).

Mapeheat™ Membrane

Lightweight Uncoupling, Crack-Isolation and Waterproofing Membrane for Electrical Floor Heating

Mapeheat Membrane is a lightweight uncoupling, crack-isolation and waterproofing membrane that also provides vapor management and load support. This patented membrane is designed to speed the installation of tile and stone in interior rooms such as bathrooms, kitchens and three-season rooms where the luxury of radiant floor heating is desired. *Mapeheat Membrane*'s thin profile works well with remodeling projects where the new floor will be installed directly over a preexisting one. Once the heating cable is set within *Mapeheat Membrane*'s rounded square reliefs, a tile mortar can be applied immediately.

Thermostats / Cable / Membrane

Mapeheat™ Mat

Pre-Wired, Floor-Heating Fabric

Mapeheat Mat is a pre-wired floor-heating fabric designed for easy installation. The pre-wiring aspect of *Mapeheat Mat* guarantees even heat distribution because the heating wires embedded within the fabric are evenly spaced during production.

A single standard-size mat can provide adequate floor-heat coverage for most standard bathroom and living areas. Installers can also combine multiple standard mats to heat the desired area. When full coverage cannot be achieved with standard-size mats (such as areas with curves, angles or obstructions), *Mapeheat Mat* can be customized to provide optimal coverage.
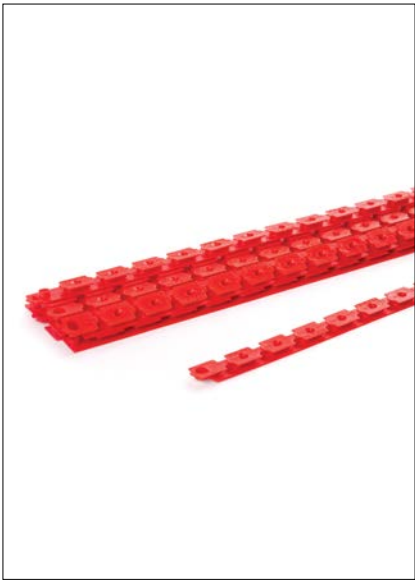

Mapeheat™ Cable Guides

Snap-In Cable Guides for Customizable Radiant-Heated Floors

Mapeheat Cable Guides are used to secure *Mapeheat Cable* to a substrate before installation of floor-covering materials (tile, stone, laminate, engineered wood or luxury vinyl flooring). *Mapeheat Cable Guides* can be attached to a substrate using hot glue, screws or nails.

Mapeheat™ Cable Repair Kit

For Damage to Mapeheat Cable

Mapeheat Cable Repair Kit contains all materials needed to repair *Mapeheat Cable* that has been damaged. Easy-to-follow instructions are included online at www.mapei.com and inside the repair kit packaging.

* Reference the Product Code Appendix at the end of this catalog for all product codes and available sizes.

What it looks like outside.

What it feels like inside.

Mapeheat™

## Let your feet enjoy summertime heat year-round

You'll never search for your slippers again, once you install our *Mapeheat* radiant floor-heating in your home. With our single-source solution and 25-year warranty, MAPEI's got the perfect answer for those seeking year-round comfort. Treat your feet to *Mapeheat* and leave your slippers in the closet – or wherever you last saw them. For more information, visit **www.mapei.ca**.

MAPEI Canada

Mapeheat™ Mat

Custom-made just for you
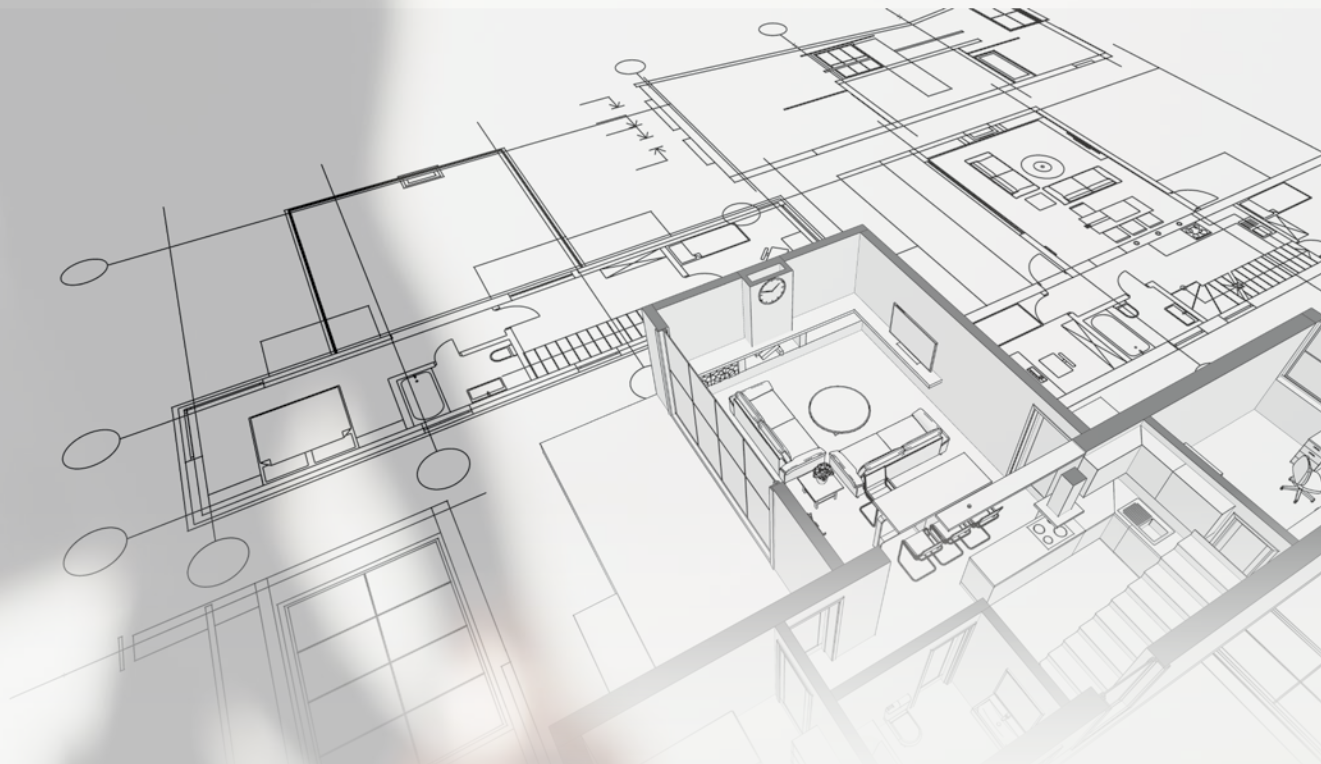

Mapeheat Mat is an easy-to-install, pre-wired floor-heating fabric that combines versatility with advanced new technology. Custom-sized mats can match any space, allowing for odd shapes, curves, voids and extra heat output if required.

Features:
- Great for a variety of flooring types
- Even heat distribution
- Short delivery time (manufactured in only three days)
- Minimal increase in floor height (only 1/8" [3 mm] thick)
- Approved for use with polymer-modified mortars and self-leveling underlayments

How to order customized sizes:

1. Obtain the instructions on how to measure and order your custom mat here:

2. Request a quote and e-mail your drawing to mapeheatcanada@mapei.com.

3. Upon design confirmation, you will receive a quote for your project, typically within 24 to 48 hours. Your mat ships within 3 to 4 days after order placement.

For more information, visit www.mapei.ca.
