INSTRUCTIONS

Locate top of zipper. Peel the backing paper strip back a few inches. Firmly attach this portion of the zipper to the desired poly sheeting or other non-porous surface. Once securely attached, completely remove the backing paper while running your hand down the length of the zipper, pressing the zipper strip against the surface. Fully open (unzip) your Zip N Close zipper. Using a utility knife, cut completely through the length of the zipper opening, including the application surface. Do not cut the zipper.

HANDLING AND STORAGE
