Pre-consumer 14%

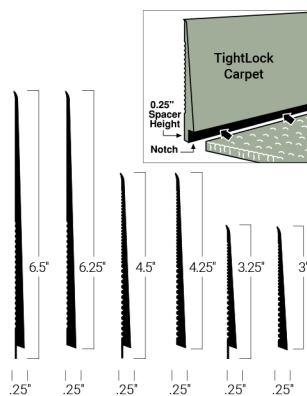

TVOC ≤ 100 µg/m3

**adhesives** pg. 196

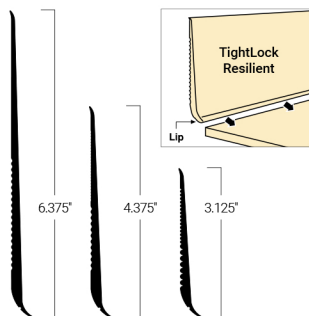

**TightLock® Wall Base System.** U.S. Patent No. 5,212,923  
**Lock it up.**

When we say TightLock® Carpet Base comes first, it really does. Its notched design allows it to be installed before the carpeting and carpet tile, and remain in place when changing out the flooring too. This saves time and money on re-installation and wall repairs. Plus, this durable, high-performance base can stay in place longer, making it a more sustainable choice. Also available in a Resilient Base, TightLock provides a cove base look with a more subtle radius. With a unique tapered design, the resilient base accommodates any commercial flooring and delivers a tight, clean, finished appearance year after year.

**TIGHTLOCK CARPET**

**TIGHTLOCK RESILIENT**

See Color Guide for Availability

4' sections or 75' coils

Manufactured outside corners available

Clean, toeless look

More resistant to damage and distortion from maintenance equipment and chairs
