

Tile Leveling System

1/16" and 1/8" Leveling Clips

CLIPS

PART **A A**

2-part system (sold separately)

For Tiles up to 1/2" Thick

WEDGES

PART **B**

The Tile Leveling System was developed out of a need to diminish costly mistakes due to unlevelled tiles causing lippage in high-end installations. It is the perfect system to use with tile plank and large-format rectified porcelain, marble and stone and the flat base design is ideal for wall tile installations. This time saving system adjusts the height of the tiles and evenly holds their edges throughout the curing process. It is the most cost effective installation method on the market to eliminate lippage.

The Tile Leveling System comes in 2 clip sizes, 1/16" and 1/8", and provides narrow grout lines for tiles up to 1/2" thick.

Easy to install and remove!

Slide two clips under the tile and into the mortar approximately 2" from each end of the tile. Place the second tile.

Slide the reusable wedges into the clips to level, align, space and hold the tiles.

Once mortar has set, simply tap the clips with a non-marring rubber mallet to snap off at the specially designated break-points. Save wedges for future use.

The Wall & Floor Tile Leveling System should be used with a minimum 1/2" x 1/2" x 1/2" square trowel notch to apply the setting material. Back buttering your tile is always recommended.

Item #	Type	Quantity
99710	A 1/16"	100/bag (8/case)
99756 U.S./ 99756Q Canada	A 1/16"	2000 Bulk Box (28 boxes/pallet)
99718	A 1/8"	100/bag (8/case)
99715Q	B Wedges	100/bag (8/case)
99757	Pro Pliers	(6/case)

100 A + 100 B	
Tile Size	Coverage
16" x 16"	41 ft ²
18" x 18"	56 ft ²
24" x 24"	68 ft ²

99757 Pro Pliers

ADJUSTABILITY

Easily adjusts for different wedge lengths

VERSATILE

Removable jaw protective caps allow pliers to accommodate wide style tile leveling systems

- Ensure wedges are set properly in the leveling clips every time (One to Two Clicks)
- Can also be used with the Original LASH® Tile Leveling System and all similar Tile Leveling Systems
