

Diamond Hole Saws

10469 / 10470 / 10471 / 10472 / 10473 / 10474

up to **12X**
LONGER LIFE
than standard hole saws

for
grinders

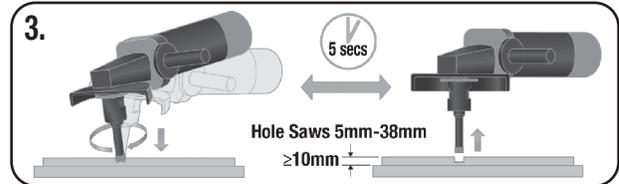

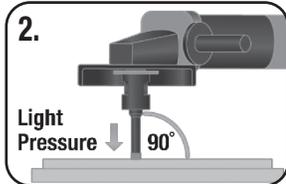

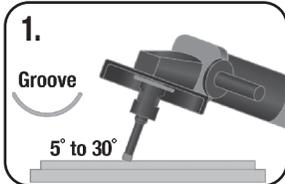

up to **50%**
FASTER
THAN A DRILL

Directions for use:

Grinder must be used at Full Power

Recommended RPM is 8000-12000

The QEP® Diamond Hole Saws for standard grinders are up to 50% faster and last up to 12X longer than standard diamond drill bits. They are designed for the easy, fast and accurate cutting of porcelain, ceramic and glass tiles. 1/4" and 5/16" sizes are integrated with an interior wax lubricant which melts while dry drilling and cools the cutting surface. For all sizes, water can be used as additional cooling to prolong the life of the bit.

4" Diamond Hole Saw

10475

up to **12X** LONGER LIFE than standard hole saws  **for grinders** up to **50% FASTER** THAN A DRILL

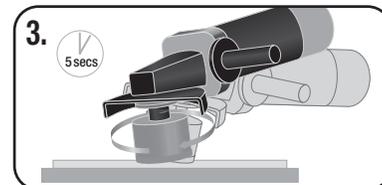

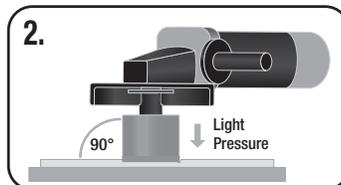

DESIGNED FOR EASY, FAST AND ACCURATE CUTTING
