iQ[®] Granit[™] & iQ Eminent[™]

Created in Ronneby, Sweden, Tarkett's iQ Granit embodies the very best of Scandinavian design. Every detail has a purpose, from superior infection control and softened acoustics options, to state-of-the-art technology that promises zero refinishing for the life of the floor. With organic patterns and a warm color palette, the collection is continually restored with a simple dry buffing—so your floor, your space and your people can maintain top performance.

iQ Granit & iQ Granit Sense

Explore soft, tonal visuals inspired by the beauty and resilience of natural stone, with a flowing palette that helps us retreat, reflect and recharge.
