Additional Notes

Components

Base (A): Mudded into drywall. Provides flush finish with wall. Please see installation guide for proper install method

Outer Tray (B): Can slide to remove to access dampers. Double channel design for increased airflow.

Inner Tray (C): Can be painted or wallpapered to match wall. Comes pre-assembled to outer tray

Airflow Control

Dampers included in base

Install Note

This unit can be retrofitted and installed after the finished surface.

Compatible Materials

Inner tray can be painted over or wallpapered to match wall
