

# Glitch

Designed by Benoy

Glitch è una gamma di piastrelle in grès porcellanato sviluppata da Piemme in collaborazione con uno dei maggiori studi di design a livello internazionale: Benoy. Glitch si propone di valorizzare le caratteristiche disomogenee presenti nel calcestruzzo e tutte quelle piccole imperfezioni che caratterizzano questa superficie, come crepe, patine, graffi ed i segni lasciati nel tempo dagli agenti atmosferici.

Glitch is a range of porcelain stoneware tiles developed by Piemme in partnership with one of the biggest international design studios: Benoy. Glitch brings out and highlights the heterogeneous nature of concrete, and all those little imperfections characteristic of this surface, such as cracks, patinas, scratches and weathering.

Glitch ist eine Fliesenserie aus Feinsteinzeug, die Piemme in Kooperation mit dem namhaften Designbüro Benoy entwickelte. Glitch bringt die Betonoberfläche in ihrer Unvollkommenheit, samt all ihren kleinen Makeln wie Risse, Ablagerungen, Kratzer und Verwitterungserscheinungen.

Glitch est une collection de carreaux en grès cérame imaginée par Piemme en collaboration avec l'un des plus prestigieux bureaux de design sur la scène internationale : Benoy. Glitch veut mettre en valeur les hétérogénéités du béton, ainsi que toutes les petites imperfections distinctives de cette surface, comme les craquements, les patines, les rayures et les signes que les agents atmosphériques laissent au fil du temps.
