md PRO | PROVA®

The information in this catalog is gathered from customers, end users, and our personal experiences.The products have been created to provide you with solutions for today's transition challenges.

We would like to thank you for your patronage and for giving us the opportunity to service you with our innovative and economical tile and stone accessories product line.

- We will provide the best service in the industry by utilizing a team of dedicated Customer Service Specialists.

- Our product will maintain a high degree of consistency and quality to meet the needs of our customers, by manufacturing our product to ISO standards.

- We will incorporate our customers input when making decisions, by using ideas and suggestions brought to us.

- All our business dealings will be handled with integrity, by ensuring customers and suppliers alike know the facts.

- New product innovation will be an integral part of our business strategy, by continually anticipating market trends and designing the accessories demanded by the industry.

For questions or concerns pertaining to products contained in this catalog, please contact our Customer Service department. Our team of specialists will be happy to assist you.

TABLE OF CONTENTS - PROVA®

TABLE OF CONTENTS - **PROVA** TILE EDGE®

SHOWER SYSTEMS

Welcome to the world of PROVA®! The ultimate waterproofing system features all of the components required to build a fully bonded water tight assembly for maintenance-free tiled showers. Our line of PROVA® products protect floor, wall and ceiling cavities against water and vapor penetration and prevent mold and mildew build-up over years of use. The pre-fabricated sloped pan for shower bases eliminates the need for a mortar bed and reduces the overall weight and installation time.

Step into an unfinished bathroom with PROVA® and watch how this revolutionary line of products transforms the installation process. The design possibilities are limited only by the imagination!
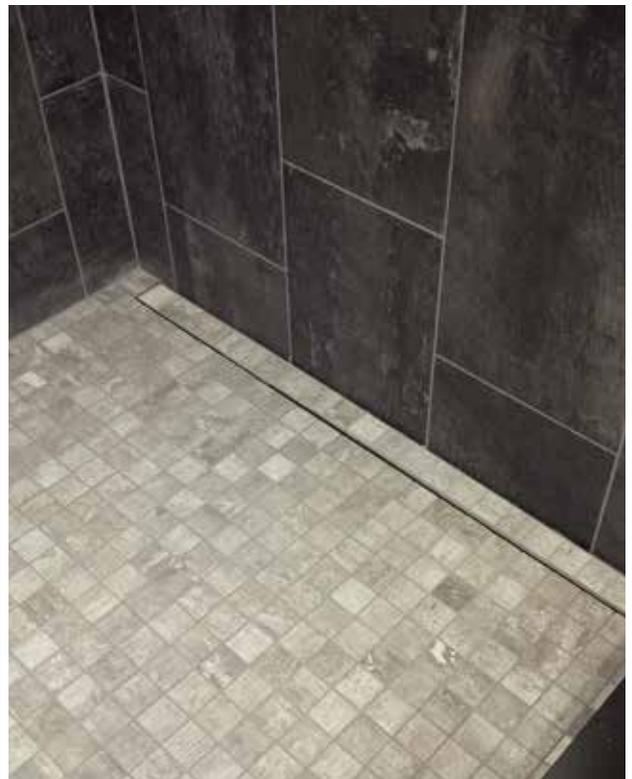

PROVA-SHOWER®

A COMPLETE, EASY TO INSTALL, WATERPROOFING SYSTEM FOR MAINTENANCE-FREE TILED SHOWERS

- All the components required to build a fully bonded water-tight assembly for tiled showers.
- No waiting time between steps; tiles can be installed immediately.
- Protects wall cavities against water and vapor penetration
- Prefabricated sloped pan replaces the need for a mortar base.

PROVA LINEAR®

The PROVA LINEAR® system for tiled showers features a unique modular pan and extension structure that allows for complete versatility when building out any desired shower base size and drain placements.

- Drain body coated with PROVA-BOND™ surface treatment technology for ultimate mortar adhesion.
- Pre-bonded PROVA-MAT® membrane on drain flange provides quick and easy waterproofing.
- Tile-in-top inclusion allows for a finished tiled shower floor aesthetic without disrupting drainage.
- Available in 3 popular sizes: 24", 36" and 42" (rough-in dimensions: 26", 38" and 44").
- System can be used with either PROVA BOARD PLUS® waterproofing tile backer or PROVA-MAT® waterproofing membrane on shower walls.

SHOWER COMPONENTS

PROVA PAN-MULTI ®
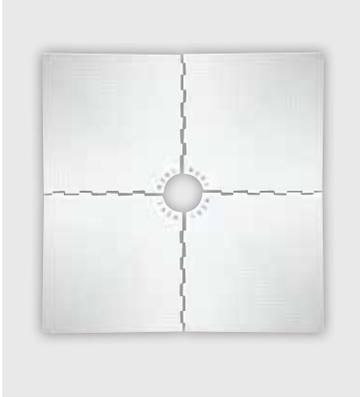

One pan solution for curbed or curbless shower installations. Pre-fabricated sloped pan with an outside thickness of 7/8" is perforated into sections for easy install and replaces the need for a mortar base.

PROVA-MAT PAN LINER® included, PROVA DRAIN® sold separately.

Part Numbers	Size	Style	Pack Size
TT8114PAN05	60"x 60"(152cm x 152cm)	Center Drain	1 pc

PROVA PAN-MULTI EXTENSION KIT ®
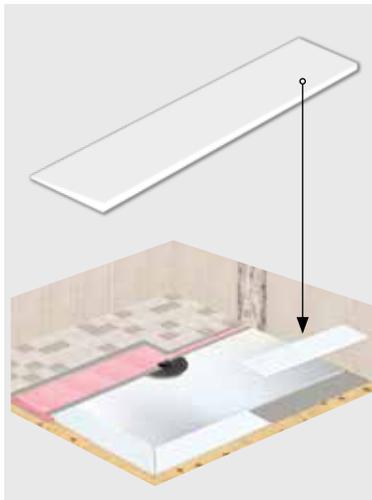

To be used in conjunction with PROVA PAN-MULTI® to create large square or rectangular shower bases. One kit can extend a shower base up to 84" (213cm) x 84" (213cm) or any size in between.

Part Numbers	Size	Pack Size
TT8115EXT04	48" x 12" (122m x 30.5cm)	8 pcs per box

PROVA PAN®
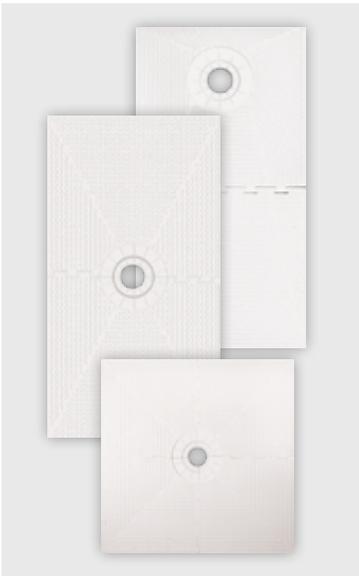

Prefabricated sloped pan replaces the need for a mortar base.
Has an outside thickness of 1-5/8".

PROVA-MAT PAN LINER® included, PROVA DRAIN® sold separately.

Part Numbers	Size	Style	Pack Size
TT8008PAN04	48"x 48"(120cm x 120cm)	Center Drain	1 pc

PRO**VA** DRAIN®

PROVA DRAIN® for tiled showers is an easy to use drain system that can be chosen in any combination required to quickly finish a fully waterproofed and maintenance-free shower.

Available in ABS or PVC.

PRO**VA**-BOND™
Surface Treatment

PROVA-BOND® is proven to provide better adhesion between drain, mortar and pan. This spray membrane technology is waterproof and creates a strong, reliable bond. Not only does PROVA-BOND™ provide superior adhesion with the surrounding materials, but the entire top surface is coated. Coating the entire surface, ensures complete bonding.

WATERPROOFING

WATERPROOFING MEMBRANE

PROVA-MAT®

PROVA-MAT® is a thin polypropylene waterproofing membrane designed to be applied with Polymer Modified Thin Set Mortar under ceramic or stone tile to most common substrates. Unlike liquid applied waterproofing products, tile can be installed immediately onto the PROVA-MAT®. The PROVA-MAT® also provides a vapor barrier ideal for steam room and sauna applications.

• FAST SEALING: No wait time before tiling
• FLEXIBLE: Crack bridging - decoupling
• PROTECTS: Against mold and mildew

Use as a waterproofing membrane in wet areas such as: Showers, Laundry Room, Bathrooms, Countertops, Steam Rooms, Saunas.

*17 mil (0.43mm) thick membrane
ICC certified

Part Numbers	Size	Pack Size
TT8002RED05R	16'x 3.28' (5m x 1m)	1 roll
TT8002RED10R	33' x 3.28' (10m x 1m)	1 roll
TT8002RED25R	82' x 3.28' (25m x 1m)	1 roll

PROVA JOINT®

Waterproofing Joint seals seams and transitions and does not support mold growth.

Part Numbers	Size	Pack Size
TT8001RED25R	25'x 5"(7.62m x 12.7cm)	1 roll
TT8001RED82R	82'x 5"(25m x 12.7cm)	1 roll

PROVA CORNER®

Preformed outside/inside corners made from PROVA-MAT® to be used for a shower base installation.

Part Numbers	Size	Pack Size
TT8003INSCR	4-1/2" x 2-1/4" x 3-1/2" (11.43cm x 5.72cm x 8.89cm)	4 pk
TT8003OUTCR	4-1/2" x 2-1/4" x 3-1/2" (11.43cm x 5.72cm x 8.89cm)	4 pk

PROVA PIPE SEAL®

Prefabricated seal made of cut sections of PROVA-MAT® with a flexible collar designed to seal pipe protrusions.

Part Numbers	Size	Pack Size
TT8102REDPSB	4-3/4"x 4-3/4"(12.07cm x 12.07cm) 7/16" (1.11cm) opening	10 pcs

PROVA BOARD PAN ASSEMBLY KIT®

PROVA BOARD PAN ASSEMBLY KIT® offers all the components required to build a watertight shower pan assembly with PROVA-BOARD® PLUS* tile backer. With drains available in ABS & PVC, this kit is perfect for new construction or projects where existing drywall or cement board needs to be replaced. Skip the two-step process of waterproofing membrane over cement board/drywall when using PROVA BOARD PAN ASSEMBLY KIT®. Save time, money, and rest assured your shower assembly will last for years to come!

PROVA-SEAL™	9.5oz (280ml)	7 tubes

* PROVA BOARD® Plus tile backer sold seperately

PROVA NICHE ®

PROVA NICHE® is a pre-fabricated niche made of PROVA BOARD PLUS® and can be used with PROVA-MAT® and PROVA BOARD PLUS® when installing a tiled shower. PROVA NICHE® is a useful and stylish accessory that can be used to hold shampoo bottles, soap and other necessities while saving floor space in a tiled shower.

The 24" x 16" and 33" x 16" niches now include adjustable safety glass shelves for ultimate design flexibility and flare.

Part Numbers	Size	Pack Size
TT8800NCH16	16"x 16"(40.5cm x 40.5cm)	1 pc
TT8801NCH24	24"x 16"(61cm x 40.5cm)	1 pc
TT8800NCH33	33"x 16"(83.8cm x 40.5cm)	1 pc

PROVA NICHE GLASS SHELF ®

Adjustable safety glass shelves for ultimate design flexibility and flare.
• Easy to install & customize - position and trim shelves as desired.
• Stylish - complements the interior décor of ANY bathroom.
• Convenient and versatile - add shelves to an existing PROVA NICHE® kit or build your own NICHE with PROVA BOARD® PLUS. Glass shelves can be trimmed to suit your needs.

Part Numbers	Size	Pack Size
TT8810GSS12	11-13/16" x 3-3/8" x 3/8" (30 cm x 8.6 cm x 9.5 mm)	5 pcs

PRO**VA**-SEAL™

PROVA-SEAL™ Sealing and Bonding Compound is a single component, waterproof sealing and bonding compound that is a premium hybrid silicone sealant. PROVA-SEAL™ can be used to waterproof pipe and valve protrusions in the PROVA-SHOWER® system and for use with PROVA BOARD PLUS® and PROVA-MAT®. PROVA-SEAL™ is required to bond and seal the components of the PROVA-SHOWER® system. Once cured, PROVA-SEAL™ provides a watertight, flexible seal. The cured product will not crack, crumble or shrink and adheres to most common construction materials. Once applied. PROVA-SEAL™ can be painted in 30 minutes and exposed to water in 1 hour.

Part Numbers	Size	Pack Size
PBS10FLOZUS 🇺🇸	9.5 oz liq (280ml)	12 tubes/ctn
PBS10FLOCDN 🇨🇦	9.5 oz liq (280ml)	12 tubes/ctn

PRO**VA** FASTENERS ®

PROVA BOARD PLUS® screws and washers must be used together for a safe, simple and durable PROVA BOARD PLUS® panel installation. They are to be used to fasten PROVA BOARD PLUS® panels to wood stud framing and other substrates suitable for screw connections.

Screws and washers sold separately.

Part Numbers	Description	Pack Size

TILE UNDERLAYMENT SYSTEMS
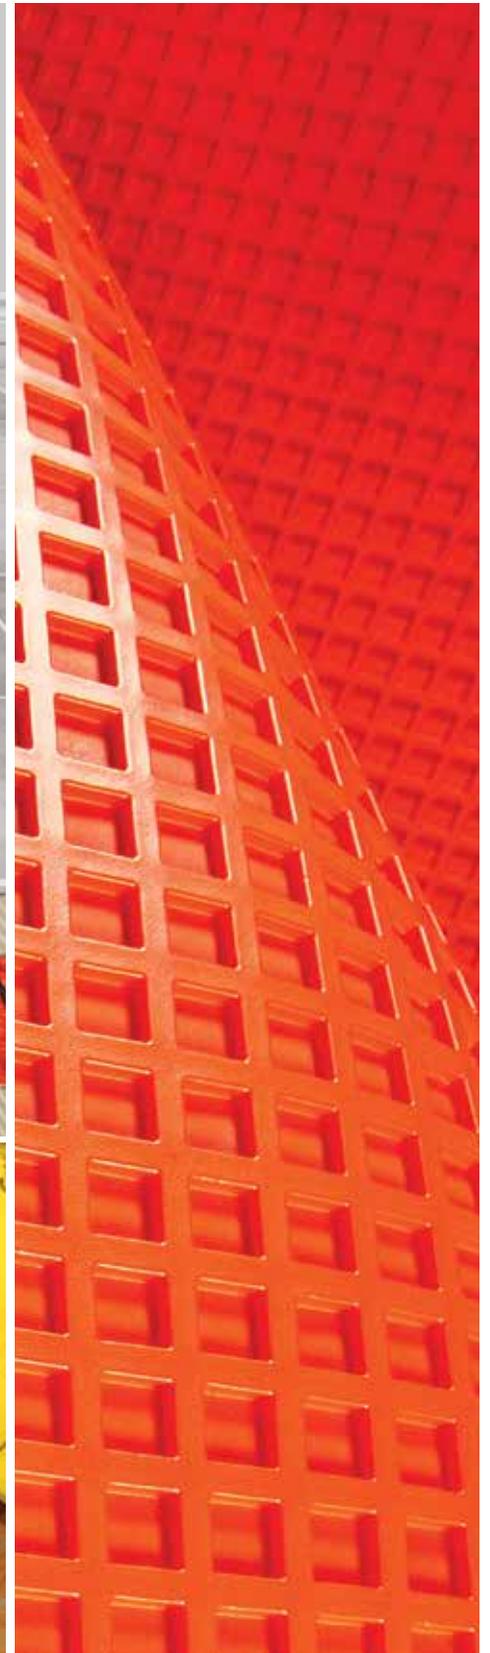

PROVA FLEX-HEAT+ ®

The ultimate versatility in tile underlayment ❖

PROVA FLEX-HEAT® is the latest and most multi-functional tile underlayment available today. Featuring a deep groove design suitable for multiple thicknesses of heating cables. The exclusive Vapor Management System and *Shear Stress Control*® system provides unsurpassed quality in anti-fracture and uncoupling that is designed to outperform the competition. Step onto a finished tiled floor and rest assured that the warmth and durability of the tile installation will last for years to come.

VERSATILE HEATING CABLE COMPATIBILITY:
Can be used with multiple wire sizes of up to 0.2" (5mm) thick.

ACHIEVE 3" (7.6 CM) CABLE SPACING:
Provides most efficient heat distribution as per wire manufacturer specifications.

0.24" (6MM) THICK MEMBRANE:
Can be used without heating cables for matching up to higher floors to achieve a level transition.

VAPOR MANAGEMENT SYSTEM:
Open air channels beneath the fleece layer provides a path for moisture to dissipate. Well suited for below-grade installations.

PROVA-FLEX®

PROVA-FLEX® is a durable, lightweight tile underlayment that provides crack isolation protection to the substrate and an easy-to-install, labor saving alternative to backer board on wood substrates. The PROVA-FLEX® unique design features an impermeable polypropylene sheet formed with a regular pattern of hollow studs to hold thinset mortar, sandwiched between a woven polypropylene netting on top and a polypropylene non-woven anchoring fabric that is laminated to the bottom with a polyolefin based adhesive *(Shear Stress Control®)*. The top netting ensures a superior mechanical bond with the cured thinset holding the tile to the PROVA-FLEX®, while the bottom fabric neutralizes stress caused by multi-directional lateral substrate movement thereby protecting the tiled surface.

PROVA TILE EDGE®
TILE TRIM, NOSING & PROFILES

PROVA TILE EDGE® by M-D PRO provides a precise selection of the most popular profiles and finishes for both commercial and residential building projects. These profiles and finishes are among the most widely used and selected by installers, designers and architects in the industry.

With over 60 years of manufacturing aluminum and vinyl extrusions in North America, M-D PRO and the PROVA TILE EDGE® series are able to cover a broad spectrum of installation challenges with high quality, industry-approved products. The vast array of finishes and quick solutions provide assurance that no matter what the scope of the job, it will always be finished off just right with PROVA TILE EDGE®

ALUMINUM TILE EDGE

FLAT TILE EDGE
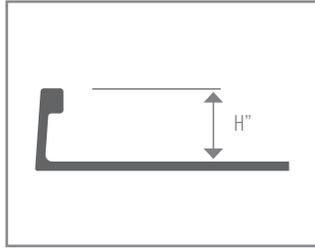

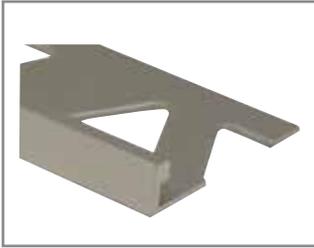

Flat Tile Edge for use with tile. Pre-punched for easy setting into adhesive. Protects tile from damage while providing a finished butting edge for other flooring materials.

STAINLESS STEEL TILE EDGE

These solid stainless steel tile trims and corners provide strength and durability for numerous applications without sacrificing style or finishing flare with a subtly brushed finish. Stainless steel trims are typically selected for more challenging applications where aluminum just won't do the trick. Exterior, wet and/or sanitary enviroments most commonly call for stainless steel due to the unique rust-resistant and inert properties of this material.

FLAT TILE EDGE
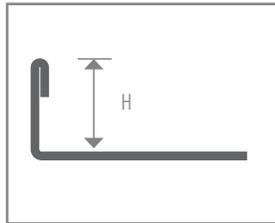

Flat Tile Edge protects tile from damage while providing a finished butting edge for other flooring materials. Pre-punched for easy setting into adhesive.

**DISCLAMIER: DO NOT USE MILL FINISH IN WET AREAS. MILL product is aluminum in its raw state, therefore there
   is a high risk of oxidization on the product and staining on the tile and/or grout when it is used in wet areas.

PROVA-SHOWER® 10 YEAR LIMITED WARRANTY

M-D warrants that all components of the PROVA-SHOWER® system will meet all composition criteria for 10 years from the date of purchase. Additionally PROVA-SHOWER® system will conform to its performance criteria for 10 years from the date of purchase if the tile assembly was subjected to normal usage and installed in accordance with the PROVA-SHOWER® system. Installation Instructions and the installation standards of the Tile Council of North America (TCNA) and the Terrazzo, Tile and Marble Association of Canada (TTMAC).

If the products fail to meet this warranty, M-D, at its election, will a) reinstall or replace the failed portion of the tile assembly or b) pay an amount not to exceed the original square foot cost of the installation of the tile assembly shown to be defective. Tile assembly is defined and limited to include all PROVA-SHOWER® system components, non-reusable tile surfaces, and the appropriate setting and grouting materials.

Due to conditions beyond the control of M-D (e.g., color and shade availability, discontinuation, normal wear and tear), M-D cannot guarantee or warrant an exact match to the specific tile, stone or other covering materials used in the installation. In such events and at M-D election, substantially similar materials may be substituted.

Disclaimer
This Warranty is given in lieu of any other warranty expressed or implied. M-D assumes no liability or responsibilities for lost profits, losses due to delays or any indirect, incidental, punitive, exemplary or consequential damages. Acts of god including but not limited to flooding, hurricane, tornado, earthquakes; acts of war, terrorism, intentional acts of destruction and fire shall not be covered under this warranty. Damage due to structural movement, excessive deflection or other failure of the substrate and damage to structural or subfloor elements from water are also not covered.

NO ASSIGNMENT-TERRITORY:
This Limited Warranty extends ONLY to the original end-user (defined as homeowner - owner of the premises/unit owner) for sales made ONLY in the United States and Canada and is not transferable or assignable, unless otherwise prohibited by specific state or provincial law.

CLAIMS ON THIS LIMITED WARRANTY:
To make a claim under this Limited Warranty, the owner must provide M-D with written notice within 30 days of any alleged defect in the products covered by this Limited Warranty, together with date and proof of purchase of the products, proof of the costs of the original installation and name and address of all installers, failing which this Limited Warranty shall be of no legal effect. M-D reserves the right at its election and as a condition of this Limited Warranty to inspect the alleged failure and defect prior to any repair.

Acceptable Materials and Conditions
It is the responsibility of the owner/installer to ensure the suitability of all materials and all associated building materials for PROVA-SHOWER® system's intended use. The flooring substrate shall be level, clean, dry and sufficiently load bearing. The flooring material shall be suitable for the particular type of application. It is recommended that the owner consults and/or obtains the services of an experienced and professional installer.

Warranty Claims
M-D must be notified in writing to request a claim, including date and proof of purchase as well as the name and address of installers. The original owner must then, at M-D's discretion, allow an inspection of the installation. If upon inspection, M-D determines the PROVA-SHOWER® system to be defective, M-D will, at its own discretion supply replacement materials that conform to the contract requirements or issue a credit equal to but not exceeding the original purchase price for the portion of the tile assembly that has proven to be defective. The tile assembly includes PROVA-SHOWER® system components, non-reusable tile surfaces, and the appropriate setting and grouting materials. The claim must be submitted and evaluated by M-D before any repair work is done. For any claim that is not valid, M-D will be paid reasonable charges, including travel and labor, associated with investigation of such claim.

This limited warranty extends only to the original owner.

PROVA TILE EDGE® LIMITED WARRANTY

PROVA TILE EDGE® by M-D PRO products are warranted for a period of 1 (one) year from date of shipment. All products will be subject to the following manufacture warranties; Products will conform to original product and contract description with only such reasonable variations as is acceptable in the trade. These products will be fit for the purposes for which they were intended and that they will be professionally packaged and labeled. M-D PRO will replace any defective product found if said defect is identified before installation. If a defect is found after installation, M-D PRO must be notified in writing within 10 days of installation. The customer must then, at M-D PRO's discretion, allow an inspection of the installation. If upon inspection, M-D PRO determines the product to be defective, M-D PRO will at its own discretion supply replacement materials that conform to the contract requirements or issue a credit equal to but not exceeding the original purchase price for the goods in question. M-D PRO assumes no liability or responsibilities for labour or the cost of other materials used in such installations.

These warranties do not circumvent any individual product category warranties implied or stated by M-D PRO.

Warranties do not apply to the following specified items, terms and conditions:
A. Exact matching of color, shade, texturing or mottling.
B. Any warranties, other than expressed above, implied or promised by any sales representative.
C. Tears, scratches, burns, or other damage caused by improper installation, improper use or maintenance.
D. Sales of "Seconds", or "Imperfect" goods.
E. Problem caused by moisture, hydrostatic pressure or alkali in the sub-floor.
F. Problem caused by installation with non-approved adhesive. If you are unsure about the suitability
   of a particular adhesive, please call us for our recommendations.
G. Product installed outdoors. M-D PRO products are designed for interior use only.
H. Color degradation caused by sunlight or other U.V. exposure. These warranties are supplied in lieu of
   any other warranty, expressed or implied. All product specifications are subject to change without notice.

BROKEN CARTON POLICY

Less than full cartons may be purchased on select items with a minimum up charge of 20%, please contact your Customer Service Representative for details. No returns will be granted for items that fall below the standard carton/pack size.
