

CLEAR UV FINISH

Coastal Grade: Our Coastal grade provides a great option for those looking for intriguing color contrasts, character, natural mineral streaks, and varying grain patterns. Coastal grade is often chosen just to provide diversity in the appearance of the hardwood floor. It's also a very popular grade for those wanting to pull colors together in a room, from the walls through the furniture and floor coverings. The varying colors and grain patterns found in each hardwood species are brought to life in this proprietary grade.
