

A modern interior space featuring a large, textured stone wall. In the foreground, there is a seating area with a light-colored sofa, several armchairs, and a small round table. A large, dark, geometric pendant light hangs from the ceiling. In the background, a dark reception desk is visible. The floor is made of large, light-colored stone tiles.

Globe

ENDLESS BEAUTY, EMINENT ELEGANCE

 **LANDMARK**
CERAMICS

"Stone" is a gathering of porcelain tile collections that are inspired by different natural stones. Amazing surfaces for floors and walls that recall the shades of the natural material enhance architecture and design with character and intense elegance. The excellent technical characteristics of Landmark porcelain tile guarantees optimal performance in every intended use both residential and commercial.

A new **landmark** in the ceramic industry

Landmark Ceramics is an American company, based in Tennessee that has set out to research, manufacture and sell top quality porcelain ceramics in North America, taking advantage of the proven experience of the Gruppo Concorde, an international leader in the sector. Technological innovation, market presence, attention to detail, the welfare of people and the environment, efficient service and a thorough product range make Landmark a new benchmark in the North American market for those who are looking for a reliable partner for any building and architecture project using US made top quality porcelain tiles.

Globe

ENDLESS BEAUTY, EMINENT ELEGANCE

The versatility of a noble quartzite, with a rich shading probes elegant venues, gives life to elegant surfaces with strong character where tradition and modernity create new architectural languages.

H O T E L

Organic MOOD

Architecture and design merge in harmony inspired by quartzite style surfaces with elegant rust color veining and soft natural textures. The space for welcoming morphs into a unique aesthetic experience that combines the strength of contemporary with the solidity of tradition.

The appeal of natural stone is enriched thanks to the multi-size installation that creates delicate vibes of natural color shades.

H O M E

Rhythm of NATURE

Globe means being able to redesign residential interiors where guests can relax in total harmony with the indoor surroundings. The 20 mm thickness brings stone looking surfaces rich in veining and shades to the outdoors, for a style continuity with interior design.

Color shading

The color of tiles printed in this catalog may differ from actual tiles. Tile color reproductions in this catalog are representative only. Slight tone and shade variations are inherent in porcelain tiles. Before selecting a color, we recommend that you contact your local representative, who will provide you with a sample piece of the requested tile.

RECOMMENDED USE

Globe is recommended for indoor walls and floors and outdoor walls in residential and commercial applications. We recommend Globe for interior and outdoor walls and floors (20 mm only) as well as for exterior flooring. Landmark recommends an offset no greater than 30%, if a staggered pattern is required for tiles of 20 inches or longer. Visit **lcusa.com** for detailed instructions of installation.

CARE AND MAINTENANCE

Do not apply any wax or sealer to the product after installation. Regular cleaning is the best way to keep Globe tiles looking good. Use clean, hot water (add household cleaner for more aggressive cleaning). Rinse thoroughly and dry with a soft cloth to prevent water spots. Please visit **lcusa.com**. For further information regarding the care and maintenance of Landmark products.

WARRANTY

Landmark guarantees that its products will meet or exceed the performance specifications set out in ANSI A137.1- 2012 and in the performance specifications section of the Landmark general catalog. For more information, please visit our website at **lcusa.com**.

PHYSICAL PROPERTIES	TEST ASTM	NORTH AMERICAN STANDARD A137.1*	RESULTS
 Water absorption *	C373	≤ 0.5%	COMPLY WITH ANSI A137.1
 DCOF Average dynamic coefficient of friction **	BOT 3000 test	≥ 0.42	≥ 0.42
 Resistance to freeze/thaw cycling *	C1026	As reported	RESISTANT
