

Hybrid Resilient Maintenance 101

Please follow these guidelines to help extend the appearance and the life of your hybrid resilient floor.

Hybrid Resilient Collections:

NXWOOD & NXWOOD Pro

Maintenance & Care Instructions:

- Proper cleaning methods are an essential part of keeping your floor attractive and to increase its overall longevity.
- Protect your floor when moving heavy furniture with runner boards or dollies.
- Felt pads are strongly recommended under furniture, tables, chairs, to prevent scratches etc.
- Place walk off mats at doorways.
- Sweep or vacuum the room(s) thoroughly.
- Mineral spirits can be used to remove marks or residual adhesive off the wear layer.
- DO NOT use wax or polish.
- NEVER clean with vinegar.
- DO NOT use a steam mop.

Preparation:

Dry Sweep or vacuum floor before spray cleaning to ensure that dirty and grit is removed.

Instructions:

1. Mist floor cleaner on a small section of the floor.
2. Wipe off floor section using microfiber mop pad, rise or replace cleaning pad when soiled.
3. On stubborn spots, or sticky spills, etc. spray cleaner directly onto spot and let it work a few minutes.
4. Scrub spot with a terry cloth / cleaning pad.
