Mobile water dosing device
for the construction site

> Features

· Easy attachment to almost every bucket ·

· Dosing quantity 0.3-99 quarts ·

· Flexible connections ·

· Can be combined with bag ripper and dust.EX ·

· Ideal for automatic mixers ·

· Up to 87 psi operating pressure ·

Water dosing device **AQiX**

- Reach reliable and high quality mixing results thanks to exact water dosing.
- Save your time for the tough stuff and measure water up to 50% faster.
- Simply set the water amount, attach it to the bucket and press start. AQiX will dose exactly the right quantity of water and stop automatically.
- Leave your measuring buckets at home and give your back a rest.
- Dose water wherever and whenever you want. AQiX is battery powered – making you highly mobile
- 2 memory buttons will save you time: Once entered, AQiX remembers the required amount of water for you.
- If you ever want to just top up, AQiX can also be used in manual mode metering the water amount dispensed.
- Use AQiX on all common automatic mixers.
- IP Protection Class 64
- AQiX won't let you down: Extremely robust housing for day-to-day use on construction sites.
