

TECHNICAL DATA SHEET

100 Floor Sealer

Seals hard surfaces for application of new adhesives

Description

R&D 100 Floor Sealer is an environmentally friendly, solvent free, ready to use, latex based sealer. 100 Floor Sealer is non-flammable, V.O.C. free, and ready to use with a mild odour.

Theoretical Coverage

- Up to 12 m² (129 ft²) per litre

Safety Precautions

Please refer to product Safety Data sheet.

Typical Uses

- Seals hard surfaces with residual adhesive such as black asphaltic types, to permit application of fresh adhesive for installation of new floor covering

Limitations

- Always test a small area to ensure suitability
- Keep from freezing
- Store between 10-32°C (50-90°F)

Application

- Read all instructions thoroughly before applying
- Floor surfaces must be smooth, free of dust, dirt, grease and loose adhesive residue
- Apply product with a brush or a long nap roller
- Two coats may be necessary on porous surfaces
- Allow material to dry thoroughly before applying new adhesive
- Wet product can be cleaned up with warm, soapy water; dried sealer can be removed with non-flammable solvent or varsol
