

# Spa & Wellness

For private and public areas

# Your partner for spa and wellness projects

Individual wellness oases exactly as you want them; from conception through manufacturing to delivery, we support you every step of the way.

## **What we offer:**

### ▪ **Modular systems:**

High-quality, 100% waterproof secure systems with multiple certifications

### ▪ **Reliable construction times:**

Increased quality of construction and reduced installation efforts thanks to the prefabricated building components

### ▪ **Unlimited design options:**

Almost any idea can be brought to life and during the process, the degree of prefabrication is controlled by the client

### ▪ **Reduced risk potential:**

Thanks to the high degree of prefabrication, fewer contractors are involved resulting in less interference

### ▪ **Cost-effective solutions:**

Our qualified team provides support with regard to economic efficiency and technical feasibility in all phases of your project

Alpen Dampfbad Palm Beach Nürnberg

# Individual steam baths, manufactured to the customer's specifications

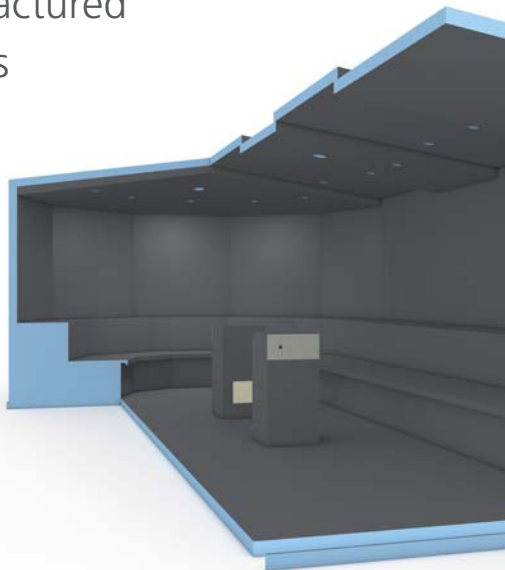

Completely uniquely when it comes to design and technology, wedi offers countless options for designing a steam room.

- **Factory coatings:**

Epoxy resin coating as a vapour barrier for the interior surfaces and colourful epoxy resin coating in RAL colours for the roofs

- **Integrated technology:**

Technical components such as heating systems, sanitary installations, lighting and sound technologies are pre-installed in the factory

# Functional communal showers as standard or custom production

For creating communal showers, wedi offers a multitude of flush-to-floor shower elements and appropriate wall structures off the shelf or specially made.

- **Modular system components:**

Any combination of floor elements with a wide variety of wall structures, 100 % waterproof with easy bonding and no additional sealing

- **Factory prefabrication:**

Custom-made products with integrated technology, e.g. for surface or flush-mounted fittings, massage jets, as well as mounting elements or niches and benches

**Private bathroom** Bergisch Gladbach

# Cleverly designed shower cubicles

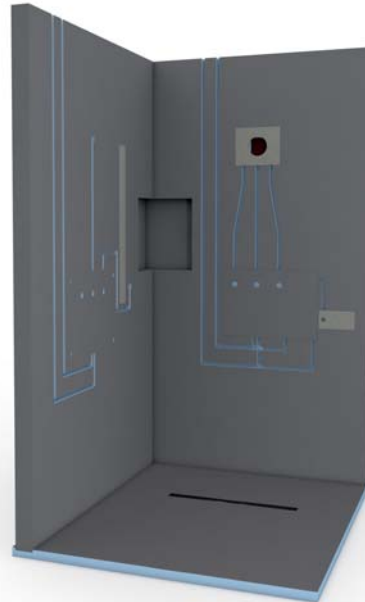

The shower cubicles from wedi are individually manufactured for the appropriate purpose and can be equipped and enhanced with a wide variety of additional elements as desired.

- **Easy handling:**

Quick and easy installation in just one work step using the 100 % waterproof system sealant

- **Integrated technological components:**

Factory prefabrication of e.g of cables and flush-mounted fittings, brackets, as well as reinforcements for installation of fittings etc.

# Underwater structures of all shapes and forms

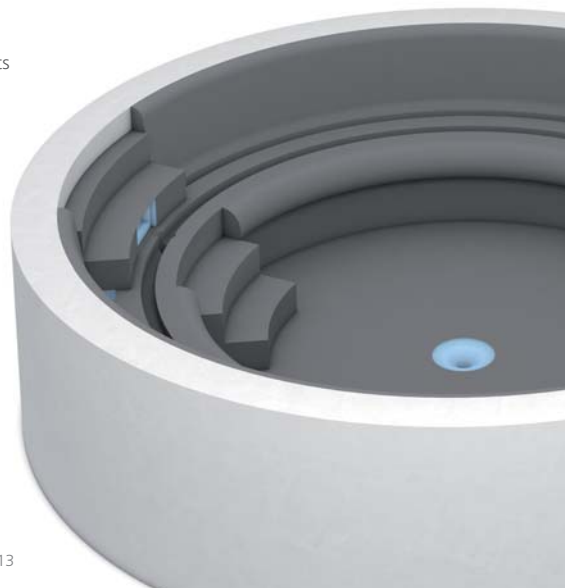

The experienced wedi project team brings underwater elements such as steps and benches to life precisely according to the desired ideas and specifications.

- **Varied design options:**

Free shaping of all elements, such as benches, loungers and step structures

- **Factory prefabrication:**

Integrated recesses and ducts, e.g. for on-site massage jets or lighting technology

**Sport and leisure pool** Potsdam

# Free-form basins for various applications

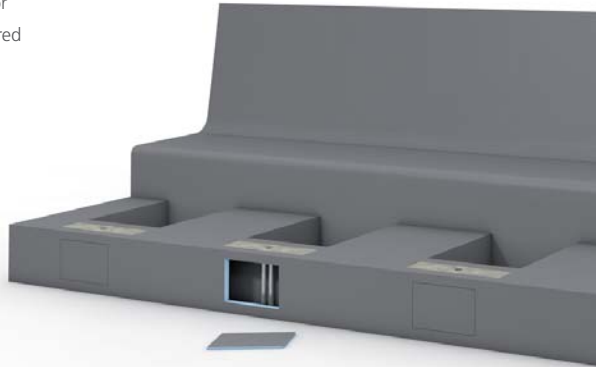

Individual basin structures such as comfortable footbaths or child-safe paddling pools are created precisely to the required specifications and the desired purpose.

- **Customised structures:**

Whether it be straight, curved or rounded, with corners or edges – almost any shape is possible

- **High degree of prefabrication:**

Integrated recesses and ducts for fittings and drain technology are pre-installed in the factory

**Sport and leisure pool** Potsdam

# Seating options for every room concept

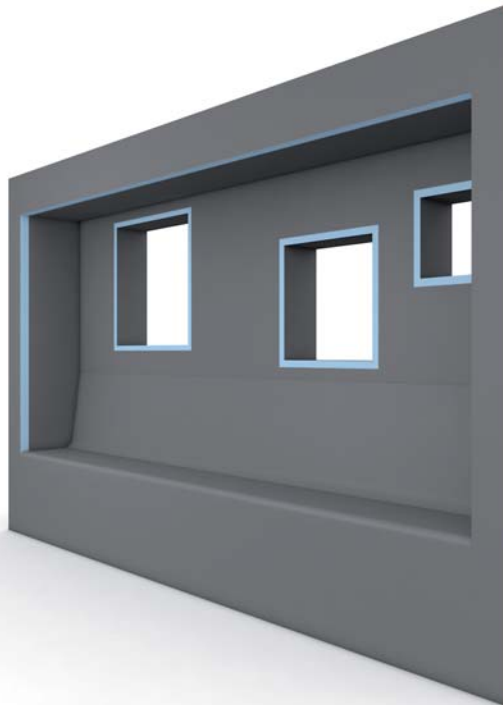

wedi offers a wide selection of prefabricated bench modules, as well as the option of creating individual benches and seats to match the actual room concept.

- **Modular bench elements:**

Elegant single elements, combinable bench modules and tailor-made custom builds

- **Optional technology:**

Integrated cables for lighting technology and factory installation of electrical or hot water heating systems

**Indoor pool** Meppen

# Individually tileable wellness loungers

Elegant loungers for wellness and spa areas are part of the wedi standard range, but can also be individually designed as a custom-made item.

- **A wealth of designs:**

Standard and custom products with various reclining positions and support elements

- **Integrated heating system:**

Optionally with hot water or electric heating

Centre Aquatique Amandinois St. Amand les Eaux

# Free-form elements, designed to customer specifications

With wedi, all types of creative idea can be brought to life in the form of bespoke free-form elements.

- **Complete service:**

Advice, design and production from the wedi project team

- **Unlimited possibilities:**

Exact custom production optionally with integrated technology

# Your project in good hands

We'll tackle it together!

From the first meeting, through planning, to the final result: as a systems provider and premium brand, we attribute considerable value to quality in your wellness project. We guarantee you absolute professionalism and look forward to accepting your challenge.
