

9½" Bullet Vinyl Glider™

BT92-2095 | EDI 29954

NO NOISE. NO ELECTRICITY. NO DUST.

- Designed to provide an easy solution for rip cuts
- Makes straight, clean score and snap rip cuts on a variety of vinyl products up to 9½" (241mm) wide
- Adjustable depth blade cuts vinyl up to 5/16" (8mm) thick
- Locking blade cartridge aligns on rulers for precision width cuts
- Sliding, locking fence holds vinyl (up to 9½"/241mm wide) in place for perfectly straight scores
- Non-stick aluminum runners keep planks in place for straight cuts and glide across any surface
