

P5 ABT™ PORCELAIN/GRANITE BLADE

New bond technology ABT™ (Advanced Bond Technology) for fast cutting and keeps chipping to a minimum.

10MM RIM

- 10mm diamond rim
- Extra long life
- Designed to cut porcelain and granite
- The 0.080" core prevents flexing to provide straight cuts and still cuts fast!
- For Porcelain, Granite, Hard Tile, Natural Stone

MODEL	ITEM ID	SPECS	MAX RPM
ABT07RCPT	879242	7 x .063 x 5/8	15,000
ABT10RCPT	879243	10 x .080 x 1, 5/8	6,100

Ring-wave core keeps the blade extremely cool by keeping water on the core longer.
