

Written guarantee for STABILA lasers and electronic modules

In addition to the statutory rights to which the purchaser is entitled and which are not limited by this guarantee, STABILA guarantees the instrument against defects and the absence of the warranted characteristics resulting from material or manufacturing defects for a period 24 months from the date of purchase. This guarantee is valid worldwide. STABILA has the right to decide at its own discretion whether the defects will be rectified by being repaired or whether the instrument will be replaced. STABILA accepts no further liability. Defects caused by improper handling (e.g. damage caused by the effects of powerful electric currents, operating the instrument with the incorrect voltage / type of current, use of unsuitable power sources) as well as modifications to the instrument undertaken by the purchaser or third parties invalidate the guarantee. No liability is accepted for normal wear and tear and minor defects which do not detract from the function of the instrument. Please send your claims under the guarantee along with the completed guarantee certificate to the guarantor:
