### DESCRIPTION

Emollient made up of natural emulsions that revitalize flooring such as linoleum, marmoleum, homogeneous and heterogeneous vinyl floor covering and Luxury Vinyl Tiles (LVT) by bringing back and preserving their initial properties.

Combined with the **Spray Fastening Method™**, the product removes encrusted dirt, stains and scratches. It slightly alters a thin layer of the structure of the surface by biochemical reaction.

### METHOD OF USE

**Shake well before use.**

Make sure that floors are clean and the surface scrubbed using the Floor Cleaner and Degreaser. Apply Floor Restorer over the area by spraying a fine mist, 1 to 2 sprays, to cover about 1 square metre.

Run the scrubber with a red disc at 300 to 450 rpm to form a satiny and opaline film. Slowly move the scrubber up and down and side to side in a crossover motion that will create molecular intermingling.

**CAUTION: MAY IRRITATE EYES AND SKIN.** Do not get in eyes, on skin or clothing. **KEEP OUT OF REACH OF CHILDREN. FIRST AID TREATMENT:** Contains alcohols ethoxylated. If swallowed, call a Poison Control Centre or doctor immediately. Do not induce vomiting. If in eyes, rinse with water for 15 minutes. If on skin, rinse well with water.

- Contains ingredients that exceed international environmental accreditation standards.
- Recyclable packaging.
- Refer to Safety Data Sheet for further information.
