RE: CUSTOM Recommendations

Custom Building Products is pleased to provide approval of our adhesives and surface preparation products for the installation of the following flooring finishes:

- Homes Pro Seoul 7.38 x 48.46 5mm collection

Based on our proprietary adhesive bond testing protocol, we have determined that our [Vinyl PSA](#) can be used successfully with the Homes Pro Seoul products for pressure-sensitive and wet-set applications.

CUSTOM Flooring Installation Systems are covered by our Limited System Warranty Program with surface preparation products for a term of 15 Years and our adhesives are warranted for the same term matching the flooring warranty. Please see the warranty document for product selections, terms and conditions.

All products are to be installed per industry guidelines and product instructions. Please see instruction guide and product datasheets for additional information.

Thank you for choosing CUSTOM! If you have additional questions or require further documentation, please contact me at your convenience.

Respectfully,

Gary Morris
